

Do you get Extra Help from Medicare?

Here's what your monthly payment will be for 2019

If you get Extra Help from Medicare to pay your Medicare prescription drug plan costs, your monthly payment will be lower than what it would be if you paid it all on your own. The amount of Extra Help you get will determine your total monthly payment as a member of our plan.

The table below shows how much your monthly payment will be in 2019 based on your state, county and the percentage of Extra Help you receive. This does not include any Medicare Part B payment you may have.
